MONTHLY ASSESSMENT -III (Detail Design, Prototype and Test phase)
(This assessment shall be done by another guide of department or
interdepartmentally along with guide)   (DATE : __ / __ / __)

1. Which theoretical subjects/concepts are involved with your project? How it is useful to
   your project?

   Data conversion theory is involved with our
   project it is very helpfull for our project
   because we have to set algorithms for
   converting files to pdfs

2. Which software/design tool/Skills you have learned/applied during the project? Explain
   the features of it.

   Css, php, bootstrap, and html we have
   applied during the project for build our
   website are also used visual studio to give
   the design to our website.

3. Explain the prototype/model prepared by the student/team.

   there are two stages of our website at home
   -page there is login box. after the compition of
   process of login it will took us to the main
   page there are many features is given like
   convert file to pdf, pdf to world, world to pdf
   and etc. also there is contact us and feedback
   option is given

4. What are the materials, technology, things have utilized to make the prototype/model?

Visual studio code, Android studio tool and Java technology use are use to develop a prototype model.

5. How many Iterations have you done to reach final solution? Explain modification/revise parameters/characteristics for each iteration.

We have gone through several iteration to reach the final solution remaining all permission we hargenruated compitly. website.

6. What is the scope of the project? How you are planning to implement it in future?

On base of our observiaction 60% of people are not getting the platform where all conversion features are given and we are tauing to make that platform here in the future we will add other extra features as per requirement

SUGESTIONS BY EVALUATOR:

PROTOTYPE/MODEL SUGGESTIONS:
Make all the functionality available to user.
GENERAL SUGESTIONS:
Make it Interative.
Overall Mark, considering assessment I & II (Out of 10): 0 8
