MONTHLY ASSESSMENT - I (Observation, Empathy and Define Phase)
(DATE : ___/___/___)

1. Why students/team have taken above mentioned domain? (Please specify the reason)

   (Note: For more content or information, one may attach additional pages to this card.)

   We choosed this domain because in now a days, we all know that there are many apps that can convert pdf or do any other document but not all in one app like for image resize we have to go one website and for pdf convert we have to go for another website

2. How frequently student team has gone for observation on field, mention with date, place, time etc.? Which are the key observations that they have noticed?

   We have done several observation and gone through different websites or apps in last 2 month starting from 20th feb. In that we observed that there is no website exits for epub converter or.mobi converter and we have observed many websites like small pdf, ilove pdf, pdf world etc.

3. A. How many interactions/interviews team members have done?

   We had interviewed many students and many IT professors and general users and also with the users that are using another websites.

   B. Who are the user and various stakeholders on domain? Describe their persona (Name, age, occupation/education, roles and responsibility etc.)

   Users :- General user, IT experts, Students, Professors
   stakeholder :- IT companies, Entrepreneur

   C. List out the questions asked by team while having observation and interview?

   1. How many similar websites are there?
   2. What are the reviews of people who are using that websites?
   3. Which are the tools or extensions that are not present in their websites?

2

4. What is something special/random/unusual (i.e. activity, environment, interaction, object or user) team have observed at the domain? Please elaborate the conditions with photographs if available.

The special thing about this domain is that all the extension or tools are available at one particular site. And all those are free of cost. And also a very good interface while using

5. Enlist any five major problems observed by your team in the respective domain. Mention any one for which you have empathize user the most and which might become your problem statement. Give reasons of selection of particular problem/issue based on empathy.

1) all tools are not present in one site
2) Security issue
3) file Backup
4) Downloading problem. or slow
5) Showing files

→ In our website we provide all in one things

6. Define your "PROBLEM DEFINITION" for the project as per below format. Which might be refine till end of Ideation phase if you wish.

User/ Stakeholder	Needs a way to	Problem/Needs	Because	Insights

General User, Students, IT experts

All the file extension or tools are provides in one place

Because many extensions are not provide in any other websites
